A blank sheet of graph paper featuring a uniform grid of dashed lines. The vertical axis is marked with numerical labels: '200' at the second major horizontal grid line from the bottom and '400' at the fourth major horizontal grid line from the bottom. The horizontal axis has no labels. The grid consists of 20 major squares across the width and 8 major squares along the height, with each major square subdivided into four smaller squares by intermediate dashed lines.
